Weekly news and information

Congratulations to Ian Wessels with his Hole in One on the 12th, the par 3 at Mossel Bay Golf Club. He is 80 years old and use a 1 Wood to achieve this. The 12th hole is not the easiest of holes and to have a “Hole in One” on that particular hole is a great achievement. Well done Ian....

Dress Code

I would like to remind all our members and visitors that there are proper dress codes when it comes to playing golf as well as afterwards.

The following dress code will strictly adhere to for our members:

- No faded and/or torn Denim pants
- No T-Shirts without collar
- T-shirts with slogans
- No flip-flop on course
- No open sandals

We must also remember that we are a holiday destination and must understand we will see visitors with a dress code that seems not appropriate for our club.

I would like to ask our members to have sympathy with our club in this regard and let us live out our slogan “the friendly club”

We as management will surely look after our interest at best and with the help of Jannie and our marshals, we shall make sure our club will always be a proud venue to visit.

Driving Range

We decided to run a special on our driving range for the month of November, and will sell the driving range tickets for R 200.00 for 20 tickets and R 15.00 for one at the pro-shop.

Please come and practice at our facilities. There seems to be a misunderstanding regarding the type of golf clubs that will be allowed. When playing of the demarcated mat area we will allow all clubs to be used; only when the marked areas are moved towards the front a 1 Wood will not be allowed.

Tee-Off Times

Please adhere to our Tee-Off times, especially in the mornings. Our field only opens at 7H00, when teeing off earlier it causes some frustrations for Steven and his team as they prep the course for the day.
