A new life begins

### COURSE

What a wonderful privilege to be part of this magnificent golf course. When looking at the lush green fairways, beautiful greens and breath-taking surrounds it is difficult to believe that we are in the middle of winter. A lot of credit must go to our hard-working course staff for their efforts. The cart paths are progressing at a rate of up to 40m per day, the gardens and clubhouse surrounds are being cleaned up and the effects of the new irrigation line can be seen even in the rough. The fact that we have had only 16mm of rain in June and July makes it even more amazing. The springbuck family have seen more than 10 little ones joining the tribe; with two new black ewes added recently they seem to be quite happy with the lifestyle.

We also invite members who share the excitement that nature offers to contribute to the nature fund of the Club. We've approached consultants that specialize in trees to assist the Club with a well-structured plan on the way forward.

Ons wil ook groot waardering uitspreek vir die dienste van George Kuyler van Invasive Plant Solutions in George asook Christo Langenhoven van Coastal Rigging wat ons bygestaan het met die snoei en skoonmaak van die parkeerterrein. Baie dankie menere vir julle bydrae.

### MARKETING OPPORTUNITY

The Club embarked on an advertising campaign where we invite businesses in town to advertise on our course. Advertising rights can be 'bought' and this will enable businesses to brand the hole from tee to green, including tee markers, sand boxes, fairway markers, rakes, flags, etc. for a small contribution of roughly R1 600/month. Compared with the cost and results of other media this makes a lot of sense. The advertiser will get repetitive exposure from the right audience at a fraction of the cost. The driving range and practice area will also be used for this purpose.

Please contact the Manager to have your business added to the fast growing list.

## **SCORECARDS**

Our new scorecards have been finalised and approved for printing. The cards, together with the new tees and new strokes will complete a string of exciting changes that management have implemented. They promise to be more informative, easier to write on and will perform better in rainy conditions. The implementation date of the new cards and strokes will be communicated to members via media, notice boards and at prize-givings.

## **IMPORTANT ANNOUNCEMENTS**

### **Subscription fees**

The renewal date for subscriptions have come and gone, and about 650 members, old and new have responded by paying their fees. Members seem to be happy with the fact that the fees have been kept the same as last year, and the overall spirit in the Club is good.

### **Damage to course**

## **PLEASE REPAIR YOUR PITCHMARKS AND DIVOTS!!!!!!!**

NO PLAYER WILL BE ALLOWED ON THE COURSE WITHOUT A SAND BAG.

### **Member guest**

The rule that a member must play with his/her guest have been re-instated. This is also applicable to the home owners when they bring their guests. Home owners that do not play golf will thus not qualify.

### **Course Marshals**

Management want to appeal to members to co-operate with marshals when playing. The marshals are out on the course to do a certain job, and one of their tasks is to keep the pace of play at 2 hours per 9 holes. Please accept and embrace what they do. It has come to our attention that they are often subjected to abuse from members whilst trying to do their job, a situation which is neither acceptable nor within the spirit of the sport. They have been instructed to enforce the rules and players guilty of slow play will be dealt with in a professional but firm manner.
