Dear members

CART PATHS

The 15th

The dedicated team of staff members under the watchful eye of Amos have started in all earnest with the cart paths. They are currently busy on hole 15 and 17, and it will have a complete new look once finished. Members must please be patient whilst construction is on the way.

All the holes on the course have been prioritized, and will be finished according to the current condition of the specific hole, e.g. the run-off water damage on 17 being a serious cost and labour issue.

Members that play often would have noticed that the 6th, 7th and 8th holes showed the same symptoms as seen in this picture (taken 14 days ago). We started treatment on these greens as well as the practice putting green a couple of weeks ago. Since this picture was taken holes 6 & 7 have recovered almost completely, but nr 8 is expected to take another week. Some of the reasons for this occurrence are the abnormally high humidity figures, up to 96% in March on a weekly basis. It is transferred from one green to the next by machines as well as the feet of golfers. See the quote from an article below for more details:

The 8th

“Anthracnose - a group of fungal diseases that affect a variety of plants in warm, humid areas. Commonly infecting the developing shoots and leaves, anthracnose fungi produce spores in tiny, sunken, saucer-shaped fruiting bodies known as acervuli. Symptoms include sunken spots or lesions (blight) of various colours in leaves, stems, fruits, or flowers, and some infections form cankers on twigs and branches. Anthracnose causes the wilting, withering, and dying of tissues, though the severity of the infection depends on both the causative agent and the infected species and can range from mere unsightliness to death.”

The **hollow-tining**, which is done twice a year normally and was scheduled for the first week of May this year, has been cancelled. The course sub-committee, in consultation with our agronomist, felt that the risk of creating a seed-bed for Poa grass, as well as the National Ladies Tournament scheduled for 22-25 May to be enough reason not to proceed as planned. Instead the greens have been “cored” last week, fertilized and given a top dressing. Play will not be disrupted, and members will see the speed of greens improve gradually.

BELANGRIKE AFKONDIGINGS

Telkaarte

Ons het baie goeie resultate gesien na die plasing van die telkaart voorbeeld in die vorige nuusbrieff. Die voorgee komitee het gevoel dit is nodig aangesien die invul van kaarte veel te wense oorlaat, en ook gereeld die speler se posisie negatief kan beïnvloed en selfs lei tot diskwalifikasie. Hierdie week sit ons dus weer die voorbeeld in van hoe om 'n telkaart behoorlik in te vul.

PLEASE REPAIR YOUR PITCHMARKS AND DIVOTS !!!!!!!

Glase op baan

Ons kroegbestuurder, Nigel Abrahams, doen asb 'n beroep op lede om hulle samewerking te gee deur nie glase op die baan te neem of in karretjies te plaas nie. Dit is nie toelaatbaar om die Klub se glase op die baan te neem nie, en ook nie in die karretjies te sit nie. Die glase kom net eenvoudig nie weer terug nie en moet ten duurste aangevul word. Plastiek glase word deur die Klub voorsien vir hierdie gebruik.

Nearest the pin

Effective Wednesday 19 March the nearest the pin markers will not be used on the greens as in the past. Instead we will be using a marker on the green which will not affect play, with the names entered on a board standing on the edge of the green.

Member guest

The rule that a member must play with his/her guest will be re-instated with immediate effect. This is also applicable to the home owners when they bring their guests. Home owners that do not play golf will thus not qualify. The Clubmaster POS programme will be configured a.s.a.p. to deduct the guest during each game until the 5 guests have been used up.

Junior Club Champs

The Junior Club Champs have been postponed until a later date. The new date will be announced as soon as a suitable opportunity can be found.
